

High Priority Campus (HPC) Selection Process and 2020-2021 Campus HPC Roster

Working collaboratively with School Leadership and Evaluation and Assessment, HCM will designate up to 33% of district schools as a **High Priority Campus** for the *subsequent year* prior to the open transfer period each spring. Teachers at these campuses will be eligible to earn additional points on the TEI Scorecard (replacing the existing Tier I process) and will be eligible to earn additional stipends through state TIA designation.

Proposed system rules for the HPC campus selection process are outlined below:

1. To be placed on the HPC roster, a campus must:
 - a. Fail to meet state accountability in any of the most recent five years **and** have an IPI greater than or equal to .5. From 2015 through 2017 accountability was defined as IR status; in 2018 and 2019 a score of F in any Domain was included, **OR**
 - b. Have an IPI greater than or equal to .9 in any of the most recent five years, **OR**
 - c. Been identified as ACE in any of the most recent five years, **AND**
 - d. Not be classified as choice or magnet
2. ACE campuses will be identified as a subset of HPC campuses
3. To ensure sustainability, the total number of HPCs will be capped at 80. The addition or removal of campuses will be made annually in collaboration with School Leadership prior to the launch of the open transfer window, and campuses may be added at School Leadership and HCM discretion based on additional selection criteria.
